Cleaning and caring for the item.

- 1- For varnished or painted items, dust using a dry piece of flannel or a lightly damp cloth.
- 2- For natural pieces, only dust with a dry piece of flannel or cloth.
- 3- For heavy cleaning, use a damp piece of flannel or cloth with water and mild soap. Do not use chemical products, steel pads, brushes, or abrasive products.
- 4- Re-tighten screws periodically to ensure stability and durability.
- 5- Make sure to always lift your shelving unit when moving it. Pushing it or dragging it might twist or break its feet.
- 6- In the case of moving the item out of house, disassemble your unit. This will avoid damaging key parts due to movement.

Product is not recommended for outdoor use.

Make sure the feet of the object are fully open before use.
